The Okta Product Roadmap

Okta has been hard at work creating a world class identity and access management solution. We push out new features on a monthly basis - visit the Release Hub for more details. The following is a list of features that are in the following phases:

- ● General Availability (Feature Complete, Available in Production Orgs)
- ● Early Access (Feature Complete, Production Ready, Customer Opt in)
- ● In Development (Feature in Development, Beta)

Note: The schedule follows a calendar year. W, C, B column indicates if the feature is Workforce Identity only, Customer Identity only or Both. H1 and H2 represent first and second half of the 2021 calendar year.
